MEDICARE SUPPLEMENT INSURANCE

What makes Medicare supplement insurance coverage from Continental General Insurance (CGI) different?

The benefits of each Medicare supplement insurance plan are standardized by law. For example: our Medicare supplement Plan F, includes the same benefits as the Plan F offered by other insurance providers. At CGI, with our outstanding value, service and security, *we make the difference*.

Value

CGI strives to maintain competitive premiums over the life of a policy. At the same time we will not compromise the financial security and quality service that our clients require.

To maintain premium value, we offer Plans A, B, C, D, E, F, high-deductible F* and G (availability varies by state). We utilize area ratings, which factor premiums separately for lower- and higher- health care cost ZIP codes, and we offer separate rates for male and female policy owners (varies by state).

Premiums for our products can be paid monthly (by bank draft), quarterly, semi-annually and annually. And as long as the premiums are paid, your policy will never be cancelled by CGI.

Service

At CGI, we are proud to be among the industry's best at providing fast, friendly and efficient policy-owner services. To administer our business, we bring together two vital components: great tools and talented people.

By effectively adopting the best technology, we achieve some of the fastest policy and claims processing times in the industry. In fact, most Medicare supplement claims are processed automatically within one work-day of submission.

The best tools mean little without the personal care administered by dedicated professionals. When you contact us, your concerns will be met with effective, friendly and prompt service.

Security

Security comes from experience and integrity at CGI. We've continuously provided Medicare supplement insurance since 1966, the first full year they became available. Since then, we've weathered changes in health and financial environments and consistently kept our promises to customers.
